

Your Bar and Bat Mitzvah Project!

Want to do something about the Holocaust?

It was a long time ago... you weren't even born yet.

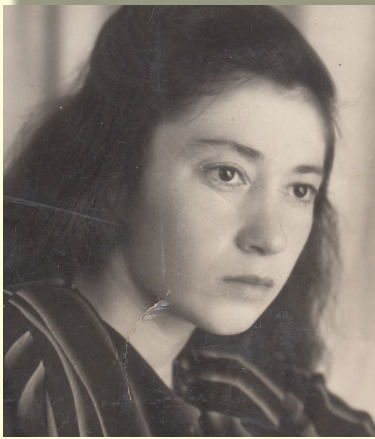

There was nothing you could do then.

But you can do something now.

You can save lives!

Your Mitzvah Project brings food medicine, heat and shelter to elderly Holocaust survivors in Eastern Europe.

Visit www.survivormitzvah.org to download everything you need: posters, invitation inserts, ideas, flyers, and more!

Tsyle Bederman, Ukraine, age 13 and age 85

Many Holocaust survivors were your age when the War began.

Can you imagine what it was like being a teenager then, starving and alone, running from the Nazis, separated from your family?

What did they do?

- **Some ran to the forests joining the resistance to fight the Nazis.**
- **Some hid under false identities, in constant fear of being captured.**
 - **Some were forced into ghettos and concentration camps.**

Somehow they survived.

But now they are alone again – elderly, ill, and living in poverty.

Make The Survivor Mitzvah Project your Mitzvah Project.

They are the last generation of Holocaust survivors, and you are the last generation to have the honor to help them.

Be a part of this historic initiative.

Have your parents call (213) 622-5050 or 800-905-6160
